

## BANDINFO

### ROCK IGNITION

This is Rock music, true, devoted and enthusiastic. This is the journey to the primordial ignition rooted in the Hard Rock of the 80s- inspired by bands like Bon Jovi, Skid Row, Kiss, Vixen, Whitesnake, Mr. Big and Mötley Crüe. These are strong riffs, catchy melodies and enthralling refrains - with an ardent female singer wielding a voice we are hard put to compare to anyone else's.

### IGNITION

The vision of a band with members that are brought together not only in their preference for real hand-crafted music but first and foremost, the total passion for Hard Rock in the 80s style, impelled Jürgen Steinmetz (who founded in the 80s the band Headstone Epitaph, and toured Europe, America and Japan with Silent Force and Sons Of Seasons) and Heather Shockley (background singer for the US-metal band Kamelot and musical artist in shows such as "Jesus Christ Superstar" and "We Will Rock You"), to find musicians with the same attitude to music. A number of musicians were involved in the forming process of the band. In 2008 they finally found the young and talented guitarist Fabian Dammers, and 4 years later, the man who would complete the line up, drummer Siggie Grütz.

### ROCK

As a musician of ROCK IGNITION, it's not enough to master the instrument to perfection but it's imperative to go beyond this and live the vision of the band with heart and passion. Thus, the quartet achieves maximum charisma of the music, above all on stage, and the whole seems to be more than the sum of its growing parts. To put it simply:

"The Greatest Hard Rock of the 21st Century!"

After the release of their online single "I Can't Resist", which also gives its name to the EP, the song became an anthem for the music of ROCK IGNITION. In May 2013 the 2nd output "Innocent Thing" was released, mixed again, as the previous EP, by master producer Dennis Ward (Pink Cream 69). The CD includes the single "Tell Me" with video clip and radio edit.

The Band has already shared stage with legendary bands such as Uriah Heep, Jon Oliva, AXXIS, Kamelot, Circle II Circle and Mike Tramp.
